MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Science & Technology
Deputy Director for Support

SUBJECT: FY 73 Budget

I realize that we have just finished our Congressional testimony on the FY 72 budget only to be confronted with another short deadline to prepare our FY 73 budget.

I would appreciate it if the Deputy Directors, and any other single individual they wish to bring along, will meet with me in the PPB Tank at 1400 on Monday, 19 July, at which time we will give you a briefing on where we now stand after reviewing your program requests.

Following this briefing and discussion, I will then be prepared to make final recommendations to the Director as to what we shall submit to OMB.
